SERIES DESCRIPTION

The Maricopa County Real Property Map Collection is arranged in two series.

Series 1. Real Property Maps, 1963 (?)

This series consists of Maricopa County real property parcel maps arranged by book number. The maps are divided over a two volume set comprising a total of 1730 pages, 877 of which are in the first volume.

Series 2. Real Property Index, 1963 (?)

This series consists of the index to the first two volumes of maps listing book, map and parcel number for each property. Many entries will list contract and buyer information and whether it has had improvements.

SCOPE AND CONTENT NOTE

This is a three volume real property map series. In the first volume of this series there is a date of 1963 so it could be inferred that the work was produced either for that year, or during the scope of that year. Since no other volumes are present to compare, it is difficult to be certain what that date indicates.

Series 1: Real Property Maps, 1963 (?). This series, consisting of two volumes, contains parcel maps within Maricopa County. The maps were produced by Arizona Title Insurance and Trust Company. The maps show roads, railroads, canals, rivers, orchards, and important landmarks. The first volume has an index to mining claims and subdivisions.

Series 2: Real Property Assessor's Book Numbers Index, 1963 (?). This series contains the index to the maps listed in volumes one and two of the Maricopa County real property maps. It is listed by book, map and parcel number.

PROVENANCE

On November 22, 1975 Jim C. Lemley donated 3 volumes of Maricopa County Real Property Maps to the Arizona Historical Society.
