## **HISTORICAL NOTE**

The payroll records of a portion of the First Infantry Regiment of the Arizona National Guard provide information on early activities of the state militia. Yearly encampments were initiated soon after the turn of the century and attempted to bring together all state units of the Guard at one location. Partial federal funding for these activities was added with the passage of the 1903 Dick Act by the U.S. Congress. The payroll forms indicate the portion of the encampment pay provided by the Federal government.
