Arizona Historical Society

Mission: Connecting people through the power of Arizona’s history.

Founded in 1864, the Arizona Historical Society (AHS) is the state’s oldest and most prestigious historical organization, dedicated to collecting, preserving and sharing Arizona’s rich history. The stories of the people, places and events that have shaped Arizona – are told through museum exhibits, programs, events and outreach. The Arizona Historical Society is proud to serve as the steward of Arizona’s history. Our collections, housed in AHS museum facilities throughout the state, number in excess of three million objects. Our artifact and manuscript holdings offer opportunities for public programming, educational outreach, and exhibitions, as well as academic and community-based research. National History Day in Arizona is a signature program of AHS and a year-long academic program focused on historical research, interpretation and creative expression for middle school and high school students.
