**SCOPE AND CONTENT NOTE:**

The Small Manuscript collection is an active, artificial collection begun circa 1960 in an effort to aggregate historical materials, orphan documents, unpublished works, hard-to-find and out-of-print studies and reports as well as fragmented personal papers into a “ready reference” for researchers. The Small Manuscripts Collection, donated in 2012 to the Arizona Historical Society by the Arizona Historical Foundation, comprise the core of this collection. The AHS vertical files in Tempe were then integrated within Small Manuscripts.

The materials in this collection are fragmentary and of insufficient quantity (less than one document box or .5 linear feet) to merit a stand-alone status. The donations came from multiple sources ranging from family histories for class assignments to items purchased from historical document dealers. The collection includes correspondence, eye witness reports, genealogies, diaries, old newspaper clippings, reminiscences, short stories, early histories of cities and towns, annual reports, small ledgers, and military documents.

The criteria used to determine the strengths of this collection were as follows: materials that provide insight into experiences of Arizonans from different perspectives; fresh and unique points of view on events in Arizona history; and materials that represent a continuum of political, cultural and minority experiences.

The overall condition of the materials is excellent and most fragile materials have been copied for researcher use.

**Highlights:** Strengths of this collection include but are not limited to primary sources under the following headings.

**Territorial Arizona:** A Summer Trip Among the Strange People and Strange Places of Great American Desert in America, 1901; Black Cowboys in the Territory of Arizona, 1984; Report on the Water Supply of the Agua Fria River and the Storage Reservoir Project of the Agua Fria Water and Land, 1903; Territory of Arizona vs. Doc Holliday et al, March 25, 1882; Proceedings against Sylvester Mowry in the Arizona Territory, 1862.
