Overview

Rights and Responsibilities is an essential component of the work and mission that AZJHS engages in. AZJHS is dedicated to exploring the lessons of the Holocaust and other crimes against humanity. The center educates and inspires visitors of diverse backgrounds through local survivor stories, artifacts, immersive media experiences, community outreach and public programs. We strive to inspire visitors to learn from the Holocaust, to become upstanders, and to work toward a world without hatred and bigotry. Additionally, similar to NHD, AZJHS has its very own contest; [Arizona Jewish Historical Society — AZJHS Oskar Knoblauch YouTube Contest 3](#)
